

AADE18 PLANNING WORKSHEET

Get more out of your AADE18 experience by planning ahead. Improve your chances of getting employer reimbursement by having a firm sense of the costs involved. It will also be helpful to show how attending relates to your professional goals as well as the goals of your employer/institution.

Use the expenses chart below to itemize costs associated with attending this year's event. Then use the goals chart to help identify benefits to attending that you can customize to fit your needs and the needs of your organization.
